

Facilities for Students

1. Common room for girls

Purpose and Vision

The Girls' Common Room aims to create a safe and inclusive space that promotes camaraderie and collaboration among students. It's a place where student can gather for study sessions, participate in workshops, or simply relax with friends. Our vision is to cultivate a supportive community that encourages personal growth, empowerment, and shared experiences. Our college girls' common room is equipped with comfortable seating, study areas, and entertainment options, and also with first aid facilities. High-speed internet and multiple charging ports for devices ensure students stay connected and productive. We encourage students to take an active role in shaping the space by organizing events and contributing ideas that reflect the interests and needs of the community.

2. Adequate toilets as per student's strength

Our college washrooms are equipped with modern facilities to ensure hygiene and accessibility for all students and staff. Each washroom is regularly cleaned and stocked with essential supplies, such as soap, toilet paper, and paper towels. Signage is placed to promote proper hygiene practices, including handwashing. We encourage everyone to take responsibility for maintaining cleanliness and reporting any maintenance issues to ensure a pleasant experience for all. Maintenance staff conduct regular inspections to identify any issues, such as plumbing problems or supply shortages, ensuring that everything is in good working order. Our college is equipped with seven boys and seven girl's washrooms which are being regularly used by the students and they are further divided into two washrooms in case of girls and in three in case of boys section.

3. Sanitary napkin vending machine/incinerator regularly put in use

Our college has a Sanitary Napkin Vending Machine campus—a step towards promoting health, hygiene, and convenience for all female students. This initiative aims to ensure that essential menstrual products are easily accessible, fostering a supportive environment for women's health and well-being.

Purpose and Importance

Menstrual health is a crucial aspect of overall well-being, and access to sanitary products should never be a barrier to education or comfort. The vending machine provides a discreet and convenient solution for students, allowing them to obtain sanitary napkins whenever needed. This initiative aligns with our commitment to creating an inclusive and supportive campus environment.

4. CSCA room with proper furniture

The Centre for Student Counselling and Assistance (CSCA) is increasingly being introduced in colleges to support student well-being and foster a positive campus environment. These rooms and centres focus on mental health, personal development, and academic success, offering a dedicated space for students to seek guidance, counselling, and stress-relief activities. In our college, we have a CSCA room that contains adequate seating area with proper furniture and are being regularly used of CSCA. All the meetings or grievances about the college is discussed in this room by CSCA students regarding any type of issues or problems faced by them in college.

5. Student Centre for co-curricular activities and its regular usage

A student centre for co-curricular activities is a dedicated space within a college that supports students' involvement in non-academic activities. These activities, while outside the formal curriculum, play a crucial role in student development, helping to nurture skills like leadership, teamwork, creativity, and time management. Such canter may house clubs, societies, workshops, and event spaces for diverse interests such as sports, arts, debate, community service, technology, and cultural activities. A well-utilized student centre for co-curricular activities fosters an inclusive environment, encouraging students to explore interests outside of academics and to cultivate a well-rounded skill set. For students' extracurricular activities, like as cultural programs or other traditional folk activities, our college offers a suitable setting with adequate resources. **With the help of the cultural committee, the students practice and rehearse in the music (V) room for all activities.**

6. Regular use of playground

Regular use of the playground promotes physical fitness, helping students manage stress, improve cardiovascular health, and maintain a healthy lifestyle during their studies. This can lead to better focus, energy, and resilience for academic

challenges. Engaging in outdoor or sports activities can serve as a mental break from academic pressures. The playground is an excellent space for students to meet and bond with their peers outside the classroom. Team sports and activities foster camaraderie, collaboration, and friendships, creating a sense of community within the college. Participating in sports and playground activities helps develop teamwork, leadership, discipline, and time-management skills, which are valuable in both academic and professional settings. Our college students engage in all sports-related activities and games during the session with Manoj Kumar, the assistant physical education, their skills and successful athletic
